

FOR IMMEDIATE RELEASE

TOWN OF TRENTON POOL OPENING SOON

TRENTON, NS – August 10, 2026 – The Town of Trenton is pleased to announce that water filling operations for the outdoor pool are officially underway today. Following a series of delays driven by mechanical repairs and supply chain disruptions, the facility is on track to welcome residents and visitors back within the next week. Town staff and external contractors have worked diligently over the past several weeks to ensure all systems operate to meet safety standards.

"While these technical and logistical setbacks were beyond our control, our priority has always been to open a facility that is completely safe and fully operational. We sincerely appreciate everyone's patience and understanding while our team worked through these challenges", said Mayor Alec Dove.

A revised summer operating schedule for public swim hours will be published on the Town's website and social media channels as soon as a firm opening date has been established.
